How *your support* makes an impact

When you 'get daggy' this Daggy Jumper Day, you're making a difference by sparking important conversations about youth homelessness. Brisbane Youth Service has provided 34% more occasions of support over the past three years. Demand is growing, and your support helps us be there when it matters most.

Every dollar you raise helps Brisbane Youth Service provide essential support to young people in crisis, including:

- > crisis and transitional housing
- > emergency relief
- > physical and mental health services
- > alcohol and other drug interventions
- > domestic, family, and sexual violence support
- > specialised programs for young women and families.
